

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

1. (cancelled)
2. (currently amended) A grip according to claim ~~4~~ 13, wherein said member is a monolithic part.
3. (original) A grip according to claim 2, wherein said part has a bore for accommodating the existing handle or shaft of the object.
4. (original) A grip according to claim 3, wherein said part is glued to the existing handle or shaft of the object.
5. (currently amended) A grip according to claim ~~4~~ 13, wherein said member comprises at least two parts that are each provided with a recess and that fit together such that said recesses accommodate the existing handle or shaft of the object.
6. (original) A grip according to claim 5, wherein said two parts are glued together and/or to the handle or shaft of the object.
7. (currently amended) A grip according to claim ~~4~~ 13, wherein said member is made of cork, balsa, foam, or rubber ~~or other elastomeric material~~.
8. (cancelled)
9. (cancelled)
10. (cancelled)

11. (currently amended) A grip according to claim ~~4~~ 13, wherein said member has two ends, one of which has a greater cross-sectional area than does the remainder of said member, which remainder has a constant cross-sectional area.

12. (original) A grip according to claim 11, wherein said larger end tapers down toward the remainder of said member.

13. (new) An auxiliary grip for an object, comprising:

an oversized member that is adapted to be placed over an existing handle or shaft of an object to form a handle for the object, wherein said oversized member has an oval or elliptical cross-sectional shape at any location along a length thereof.
